ATUL GAWANDE
An Evening with the Author of Better, Complications and The Checklist Manifesto

Acclaimed surgeon, New Yorker contributor and MacArthur “Genius” Fellow, Atul Gawande will discuss his newest work and innovative remedy based on the humblest and simplest of techniques: the checklist. A doctor at Brigham and Women’s Hospital and the Dana Farber Cancer Institute in Boston, Gawande is the author of Better: A Surgeon’s Notes on Performance and Complications: A Surgeon’s Notes on an Imperfect Science.

Generously supported by Mark R. Collins, the Glenn Foundation for Medical Research and the Linked Foundation.

Books will be available for purchase and signing.

P.W. SINGER
WIRED FOR WAR - The Robotics Revolution and Conflict in the 21st Century

P.W. Singer reveals how science fiction is fast becoming a reality on the battlefield in his new book Wired for War. Singer argues that a massive shift in military technology and the advent of robotic warfare is changing not just how wars are fought, but also the politics, economics, laws, and ethics that surround war itself. Singer is Senior Fellow and Director of the 21st Century Defense Initiative at the Brookings Institution and author of Corporate Warriors and Children at War.

Books will be available for purchase and signing.
